

# RUNNER ALFALFA

**Northstar Seed Toll Free**

Neepawa, MB  
Calgary, AB.

1-800-430-5955  
1-800-805-0765

## Quick Overview

- Superior yield
- Superior winterhardiness
- Superior recovery from cutting or grazing
- Aggressive creeping root

## Adaptation

Runner has the best combination of variety characteristics relative to other creeping rooted varieties on the market today. Other varieties may be stronger in one attribute but Runner has the strongest combination.

Northstar Seed has been very pleased with the performance of Runner under dryland field situations in Western Canada. Whether seeding alone, or in a mixture with grasses, ask your Northstar Seed Representative for more details.

## Notes
